- (a) All the pending work of the process of submission of ABARs needs to be updated at least within the next week. ABARs must be submitted and no extension facilities will be availed by the IOAC. The years during the outbreak of Covid-19 saw a slowing down of the entire system. Now additional speed is required for maintaining regularity.
- (b) Admission procedure for NEP 2020, selection and combination of subjects, guidelines, observance of norms and regulations will be strictly in accordance with the prescribed norms of the affiliating University, i.e. WBSU. There are possibilities of complications arising from the introduction of this new system, and the admission sub-committee along with the IOAC will try to resolve these at the earliest with guidance from appropriate authority.
- (c) The SSR preparation that is under way now requires additional support. The IOAC members have conveniently sought the active help and co-operation of all teachers. A number of teachers have volunteered to help whenever required. Special stress is being laid to the analysis and assessment of qualitative data. The college is continually trying to improve itself there. Event reports,

photographs, videos, documents such as receipts, letters, certificates, bills, attendance records, etc. are being collected and separated as per the requisite categories. To have a few teachers who are working at the same pace along with the ISAC members:

Each department may select one faculty member to participate in the workshop. The report and feedback received from the workshop must be duly communicated to all other faculty members of the respective departments.

who qualify at NET/SET/GATE/JAM/TET/CTET/SLST/SSC/PSC/CSC/ examinations and other similar examinations for Govt. jobs must provide a copy of their certificates to their departments. Those who make it to higher education, etc. must also do the same.

(g) The MCO Portal for Internal Examinations as also for CIE/CIA may be used to the best capacity to enhance the skill and knowledge of students.

(h) → NET/SET Coaching (free) for PG students (current and previous batches) to continue.

→ Departments to submit names of students qualifying at significant examinations or scoring high marks, first class (UG & PG), etc. so that they may be felicitated by the college.

→ Teachers are urged to prepare video lectures for the students. These lectures will also be part of LMS. Many lectures have been prepared. New syllabi may be kept in mind for the

upcoming sessions.

- Since PPT presentations are gradually becoming more important for students, teachers are urged to include PPT lectures in their own classes.
